

Memorandum

Date: June 7, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Agenda Item No. 8(F)(5)

Subject: Request for Additional Expenditure Authority for Prequalification Pool No. 8446-5/17-1,
Construction Equipment Rental

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize increased expenditure authority of \$4,468,000 under Prequalification Pool No. 8446-5/17-1, *Construction Equipment Rental*, for the Miami-Dade County Regulatory and Economic Resources and Transportation and Public Works Departments. This pool was originally approved by the Board on March 4, 2008 for a five-year term, with one (1) five-year option to renew. County departments rely on this pool for the rental of construction equipment (e.g., air compressors, aerial lift platforms, augers, drills, tower cranes, scaffolds, tractors, heavy duty trucks and backhoes) and for the performance of equipment operator services. The requested additional expenditure authority will be applied as follows:

- (1) Regulatory and Economic Resources is requesting a \$2,711,000 allocation increase in order to launch its Beach Erosion Mitigation and Re-nourishment Project to address ongoing beach and shoreline protection concerns. The department will use this pool to rent 4x4 dump trucks and operators holding Commercial Driver's License, Class B, to haul newly purchased sand to replenish the shoreline of beach communities, including, but not limited to, Miami Beach, Sunny Isles and Surfside. This project is also supported through Resolution No. R-763-15, which approved a significant modification to a Building Better Communities-General Obligation Bond Program project for beach erosion mitigation and re-nourishment.
- (2) Transportation and Public Works is requesting a \$1,757,000 allocation increase to support operations in its Facilities Maintenance and Rail Divisions. The department's existing allocation is insufficient to support its needs through the expiration of this pool term due to usage trends and anticipated expenditures. The Facilities Maintenance Division is responsible for the provision of building structural support services and regularly uses this contract to rent various types of heavy lifting and moving equipment for the restoration, repair and maintenance of facilities overseen by Transportation and Public Works. The Rail Division administers over 50 miles of rail track constituting the Metrorail and Metromover systems. The division will use the increased spending authority to rent various construction equipment needed to reach elevated levels of rail platforms, complete bridge inspections and to maintain, repair and replace rail parts.

This item is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). This item may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the recommendation of this pre-qualification pool modification. If the CITT has not forwarded a recommendation and 45 days have not elapsed since this recommendation, I will request a withdrawal of this item.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The pool is in its sole option to renew term which expires on March 31, 2018 and has an existing allocation of \$17,510,000. The recommended modification will authorize additional expenditure authority of \$4,468,000 as set forth in the table below, increasing the total pool value to \$21,978,000.

Department	Existing Allocation for the Option to Renew Term	Additional Allocation Requested	Modified Allocation	Funding Source	Contract Manager
Regulatory and Economic Resources	\$2,569,000	\$2,711,000	\$5,280,000	Proprietary Funds/ General Obligation Bonds/State Funds	Manuel Blanco
